

Browse Concessions

Revision 2026-10-12

Open Concessions to browse Highlights and downloadable content.

Concessions is the in-app store for voice packs, music, and menu music.

Open Highlights

1. On the home screen, tap **CONCESSIONS**.
2. Start on the **Highlights** tab for curated items.
3. Switch tabs to **Announcer**, **Music**, or **Menu Music** as needed.
4. Use **Search concessions** to find an item by name.

Open a product

1. Tap an item from Highlights or another tab.
2. Review the detail screen, then download or get the item if you want it.

On iPad

1. In landscape, Concessions uses a wider layout for Highlights and product pages.
2. Browse and open items the same way as on iPhone.
