

Change menu music

Revision 2026-10-12

Pick background music for the home screen, setup, settings, and store.

Menu music plays in the background on the home screen, setup, settings, and store.

Open Menu Music

1. Tap **SETTINGS**.
2. Under **Timer Setup**, tap **Music Settings**.
3. Tap **Menu Music** (subtitle **Background music on the home screen**).
4. Turn the **Menu Music** toggle on or off.
5. Pick a playlist, or choose **No Music**. The list is the same Menu Music list you see during welcome setup (**Step 5 of 5**).

You also set menu music during welcome setup. See [Finish welcome setup](#).
