

Connection or maintenance screens

Revision 2026-10-12

What Connection Required and Maintenance mean, and how to retry.

Wrestling Timer can block the app until the server is reachable again.

Connection Required

1. When the app cannot reach the server, you see **Connection Required**.
2. The message says: **Could not connect to the server. Check your connection and try again.**
3. Check your network connection.
4. Tap **Retry**.

Maintenance

1. During a service outage, you see **Maintenance**.
2. The default message says: **Wrestling Timer is temporarily unavailable. Please try again later.**
3. Tap **Retry** after a short wait.
