

Change timer display settings

Revision 2026-10-12

Set warning countdown colors, auto-repeat, screen dimming, and music defaults.

Adjust countdown colors and related defaults under Timer in Settings.

Open Timer settings

1. On the home screen, tap **SETTINGS**.
2. Under **Timer Setup**, tap **Timer** (subtitle **Countdown colors and display**).
3. Turn **Warning Countdown Colors** on or off.
4. Turn **Auto Repeat Default** on or off.
5. Turn **Prevent Screen Dimming** on or off.
6. Turn **Music Enabled by Default** on or off.
7. Turn **Include Lyrics Tracks** on or off.

On iPad

1. In landscape, Settings uses a split layout: the category list on one side and the selected detail on the other.
2. Select **Timer** in the list to edit the same toggles.
