Make a flyer

Revision 2026-10-10

Pick a template, colors and logos for your event flyer.

Every hosted event can have a one-page flyer. Everything printed on it comes from the **Event plan** tab. To change the words, select **Edit plan**, save, then come back.

Step 1: Open the flyer builder

Select **Save & open flyer builder** on the event form, **Flyer builder** or **Edit flyer** on the event dashboard, or **Flyer builder** on the event's card.

Step 2: Pick a template

- **Classic**: centered logo, clean details. Works for most events.
- **Bold banner**: a strong colored stripe across the top.
- **Themed**: a wrestling picture fills the page, with the words set to stay readable.

Step 3: Choose colors

- **Classic** and **Bold banner**: pick an **Accent color**.
- **Themed**: pick a **Theme** (**Finals**, **Mat**, **Team** or **Wrestlers**), a **Background color**, and slide **Overlay opacity** higher if the words are hard to read.

Step 4: Extras and logos

- **Include QR code for registration link**: needs an **External registration URL** on the Event plan.
- **Include governing body membership disclaimer**: for USA Wrestling, AAU or NUWAY events.
- **Include official NFHS logo**: the name matches your governing body.

- **Add Custom Logo**: use a different logo on this flyer only. Pick one from **Team library**, or upload a PNG under **Upload new PNG**, then select **Use selected**.

Step 5: Save

Check the **Live preview**, then select **Save flyer settings**. The button changes to **Saved**.
