Set up your team

Revision 2026-10-10

Enter your team name, logo and season the first time you sign in as a new team owner.

When you create a new program, YourTeamManager opens **New team setup** with the heading **Welcome, Coach**. Five short steps run across the top: **1. Team**, **2. Logo**, **3. Season**, **4. Invites** and **5. Finish**. You can go back with **Back** at any time.

Step 1: Team

1. Check your **Team name**.
2. Pick your **State**.
3. Choose who can join as a coach under **Coach join mode**: **Invite code only** or **Anyone can join**.
4. Select **Save and continue**.

Step 2: Logo

1. Under **Team logo**, choose a picture file from your computer. PNG, WebP or GIF works. PNG works best on flyers.
2. Once the logo shows, select **Continue**.

You need a logo to move on. You can change it later under **Settings**, then **General**.

Step 3: Season

1. Pick your **Program type**: **High school**, **College**, **Youth** or **Other**.
2. Type a **Season name**, for example "2026-27 Wrestling Season".
3. Pick a **Start date** and **End date**.
4. Choose your weight classes under **Boys / men set** and **Girls / women set** (on college teams: **Men set** and **Women set**). Pick **Custom** to type your own list, such as "106, 113, 120, 126". You need at least two

classes in each list.

5. Name your **Primary roster name**. "Main Roster" is filled in for you. You can add more rosters later under Roster.
6. Select **Save season**.

Step 4 and 5

Step 4, **Invites**, is the next article in this guide. After it, the **Review setup** list shows each part as **Done** or **Needed**. Select **Finish setup** to open your Dashboard.
