Run a wrestle-off

1. On **Evaluations**, select **Wrestle Offs**.
2. Select **Create** to start a session.
3. Type a **Session name** and **Event date**, and pick the **Weight classes**.
4. Pick the **Competitors** in each class and select **Continue**.
5. Choose **Best of 1** or **Best of 3**, then select **Generate bracket**. A double-elimination bracket is made.
6. Check it and select **Approve bracket**.
7. After each bout, select **Log result**, pick the **Winner** and save.

Changing the competitors later clears the bracket and any results.

1. Select **Head to Head**.
2. Select **Log head-to-head**.
3. Pick **Wrestler A** and **Wrestler B**, the **Winner** and the result.
4. Select **Save match**.

Results count toward each athlete's evaluation score.
